VRINDAVAN

BHOOMI FARMS SITUATED
AT SPIRITUAL PLACE VRINDAVAN

YOU KNOW THE MEANING OF
“Vrindavan”

One of the divinities joining Lord Krishna in his Vrindavan lilas was Vrinda Devi. Considered a form of goddess Lakshmi, Vrinda Devi appears as the tulsi (sacred basil) plant, which covered Vrindavan as an expansive forest. Vrinda Devi helps seekers attain Krishna as She is always close to Him; in fact, it is said that Krishna does not like taking food or flower offerings which are not accompanied by Tulsi. It is for this vast forest of Tulsi that Vrindavan is named: Vrinda means Tulsi, or holy basil, and van is the word for a forest.

VRINDAVAN BHAKTI AS A GLOBAL MOVEMENT

As previously mentioned, practices of Krishna bhakti (devotion) and sites and temples associated with Krishna and his lilas have had enduring influence throughout India since their revitalization in the medieval period. In the 20th century, this influence became global in its reach. In 1965, at the behest of his guru, a 69 year-old, Abhay Charanaravinda Bhaktivedanta Swami Prabhupada (Srila Prabhupada) came to the United States of America. What happened between then and Srila Prabhupada's death in Vrindavan in 1977 is nothing short of a miracle: The International Society for Krishna Consciousness (ISKCON) came into being and was popularized all over the world!

The new Krishna devotees joining Srila Prabhupada from all corners of the world – including celebrities such as George Harrison – came to know of the special divinity that pervades Vrindavan and its surrounding areas. Many foreign devotees even came to settle in Vrindavan to absorb themselves in the divine experience and perhaps ultimately achieve liberation. Devotees from western countries and their passion for devotional service to the deities of Vrindavan brought even more attention to Vrindavan's sacred places and spaces.

Bhaktivedanta Swami Prabhupada established Krishna Balaram temple in Vrindavan in 1975. Its standards of service to the deities – flowers, food offerings, and devotional music – have made perhaps it the most popular temple in all of Vrindavan. Srila Prabhupada's Samadhi is also here and the temple remains a primary center of the worldwide ISKCON movement.
